

JIAGENG LIU, Ph.D.

Associate Professor School of Equipment Engineering, Shenyang Ligong University, Shenyang, China **Contact:** [liu331453318@163.com]

BIOGRAPHY

Jiageng Liu received the B.S. degree from Liaoning Technical University, Fuxin, China, in 2008, the M.S. degree from Liaoning University of Technology, Jinzhou, China, in 2013, and the Ph.D. degree from Northeastern University, Shenyang, China, in 2024. Since 2008, he has been engaged in academic teaching and research in the fields of electrical and control engineering. He is currently an Associate Professor and a Master's Supervisor with the School of Equipment Engineering, Shenyang Ligong University. He has published over 10 international journal papers, primarily in *IEEE Transactions*, and holds 7 authorized invention patents. His research interests include vehicle localization, multi-sensor fusion, information countermeasures, and intelligent transportation systems.

Dr. Liu is a Youth Editorial Board Member of the *Journal of Artificial Intelligence and Control Systems* and has served as a reviewer for several authoritative journals, including *IEEE Transactions on Instrumentation and Measurement*, *IEEE Transactions on Vehicular Technology*, *IEEE Transactions on Intelligent Vehicles*, *IEEE Transactions on Intelligent Transportation Systems*, and *IEEE Intelligent Transportation Systems Magazine*. He is also a professional Electrical Engineer and a Senior Technician (Electrician).
